

Private Approach Permit Application By-Law 2017-72

When is a Private Approach Permit required?

Being a By-Law to regulate the use of private approaches placed on municipal road allowances which provide access to private abutting lands. Without a Private Approach Permit, no person shall:

- construct new access onto adjacent municipal road allowance,
- relocate or move access to an alternate location within the municipal road allowance,
- alter or widen or change the access surface; and
- close a private approach

Instructions for Use

- Obtain copies of the Private Approach Permit Application and By-Law 2017-72 from either the City's engineering department, Public Works office or from the City's web site;
- Review the application and By-Law 2017-72 prior to submitting for a new Private Approach permit;
- To the best of your abilities, fill in all application sections and complete a plan drawing indicating the location of the private approach, street lines, property lines and other ancillary information (see attached example for residential property);
- Submit the application to either the City's engineering department or Public Work's office for review for completeness;
- If required by the City, the applicant will mark out the location of the proposed private approach for an onsite review by City staff.
- Within five business days, the City will be in contact with the applicant to finalize the permit.

Property Owner (Application must be made by Owner or Representative)

Owner Name:	Phone No.:
Address:	Postal Code:
Authorized Owner Representative:	Phone No.:
